

NEVILLE CHUNG

neville.chung@gmail.com | 9123 2020

PROFILE | Team-spirited, performance-driven engineering professional with 3+ years of expertise in leadership, business and the manufacturing industry. Eager to boost efficiency, design products and troubleshoot complicated technical issues with specific skills.

EXPERIENCE | **Product Engineer, BME Engineering Limited**

Jun 2012 - Present

- Brainstormed design concepts for 3 annual projects and produced sketches to share ideas among 10+ team members
- Scheduled and conducted analyses and reviews with respect to production and quality control to detect faults or unsatisfactory outcomes
- Proposed continuous improvement initiatives to top management based on both internal and external audit findings/ feedback
- Formulated the company's annual plan to facilitate line operation and discussed the feasibility of some potential products within 3 years' time

Assistant Product Engineer, One Solutions Tech Ltd.

May 2011 - Jun 2012

- Interfaced with 30+ existing clients and external vendors from getting requirements and updating project statuses to resolving issues
- Assisted in researching latest market trends to create new products from concept generation, idea, presentation and model to mass production
- Collaborated with internal engineering/project team to solve technical and production issues, and ensured that costs were minimised
